It's high time folks quit trying to keep up with the Joneses. Better say, folks with twice the income shouldn't try to act like twice the mother had and tell them the Bank of England. Lots of folks are winning their money in their hands while their money is changing in their accounts in the profit and loss account.

## POLITICS WARMING UP

Politics in Columbus is anything you want to call it. Instead of a peaceful election it is likely to be anything but that. The "gentlemen" on both sides are smiling and taking everything as it comes along as if it should be taken, but there are others who are going around red-eyed with uncombed hair. One remarkable fact about politics is that the loudest and most blatant talker has the least influence. Don't it so?

It doesn't seem possible but it's true. A genuine old maid and near old maids, and maybe your choice for 25 cents. Strange things have occurred and maybe this is your chance. The Courier heard of it several days ago and today this newspaper is in a position to assure you that it is a fact. A hall has been secured—the International over on the west side, across the Columbus river—and you may see for yourself on Saturday evening at 8 o'clock. Admission 25 cents, children 10 cents. This party would not be complete without adding that the Pythian sisters, of course, are behind the affair, and whenever that bunch of eleven, wide-awake women start anything they finish it all to the good, with money and enjoyment.
